To take part in the admission exams all candidates (Italian and foreign) who have obtained an Italian qualification for the purposes of admission to the competition must make their application **through the internet no later than 1 September 2017** by following the procedure described below:

Before starting the internet procedure, make sure that you have all the personal information, tax code and details regarding the study qualifications (date, mark, where taken – both for school and university qualifications).

- 1) Access the site <http://servizionline.iulm.it/>
 - a) If you have already registered in the past on a IULM University course, proceed with the log in using the User Name and Password that you already have in the menu on the left in “Area riservata” (“Reserved area”). Once you have carried out the log in, continue with the enrolment for the selected doctorate competition in the menu on the left in the section “Segreteria” (“Office”), and then, “Preiscrizioni” (“Pre-enrolments”), and then in the frame on the right: “Preiscrizioni/Domande di ammissione” (“Pre-enrolments/Admission applications”) until you have given all the requested information. In case of loss of your access codes, these can be recovered online through “password dimenticata” (“forgotten password”).
 - b) If you are a new user and are therefore not in the university’s database, select “Registrazione nuovo utente” (“Registration of new user”) in the menu on the left. Once you have obtained your User name and Password carry out the log in and, as requested, provide all the personal information, then proceed with the enrolment for the competition for the selected doctorate through the menu on the left, in the sections “Segreteria” and then “Preiscrizioni” and then in the frame on the right “Preiscrizioni/Domande di ammissione” until you have given all the requested information.
- 2) If you make any mistakes in completing the forms which you discover when you have finished and are printing the application, please do the correction manually on the paper application attaching a signed note to it regarding the change made by hand. These changes will later be inserted by the university office. In case of technical problems, write to: segreteriaweb@iulm.it

- 3) After completing the form with their information candidates must print it, sign it and send it as the application, preferably by registered post with proof of receipt. Following the application a MAV form is issued for €100, which is necessary for the payment of the competition pre-enrolment fee. A copy of the receipt must be attached to the application.
