

## **PROFESSIONAL ENGLISH III - piattaforma (da a.a. 22/23)**

Dear students,

The Academic Senate established specific management regarding the registration for the Professional English III online exam, expecting a significant number of students. In particular:

- Registrations for the Professional English exam will close five days before the day of the exam, with no exception;
- Students who have registered for the exam will receive an email with the time for the call the register for the exam and a link to access the online room to take the test;
- On the day of the exam, the student must have their university badge (or an ID document) for identification;
- Students will receive the result of the written exam by email within the day before the oral exam;
- Those who received oral grades during their classes (and so do not have to take the oral exam) will receive an email with the result of the written test and with the oral grades that will contribute to the final grade point average (that will be recorded later);
- The oral grades obtained will be valid until the fourth session of the academic year 2022/2023 (January 2024); so, students who do not want to accept the result of the written exam must notify it within 24 hours from the publication, through the link received in the email of the results;
- Students who have not obtained oral grades during their classes (and so have to take the oral exam) will receive an email with the result of the written test and, if they have passed it, the time of the oral exam, and the link to access the online room to take it;
- A no-show to the oral exam will invalidate the result of the written part, and students will have to repeat it.

The duration of the exam is 75 minutes, and it is structured as follows:

- Reading (5 questions with 3 multiple-choice answers);
- Cloze (10 missing words, 4 options each);
- Language review (20 sentences to complete with four possible solutions each)
- Writing (150-200 words)

Students who do not access the Teams online platform with their IULM credentials will not be admitted to the exam.

It is desirable to access QuestionMark with a pc (if you cannot access it with a pc, contact [ilc@iulm.it](mailto:ilc@iulm.it)): QuestionMark does not work well with tablets or smartphones and could undermine the test. The browser recommended is Google Chrome.

The oral exam will last 20 minutes and will be on the topics of the e-learning platform.

The first call for PE 3 is scheduled as follows:

- Written exam on 25 and 26 of May 2023;
- Oral exam: 31st May and 1st June 2023.

The Registration Office will assign the day and the time according to the registration order. Registration for other exams scheduled for the same day will be considered during the shift assignments.

Students who would like to have a look at their exam will be able to do it according to the conditions and on the dates that will be published in the Community in the next few days.

Kind regards,

International Language Centre
