

THE RECTOR

- CONSIDERING** Law no. 168 of 9 May 1989, and in particular article 6, according to which Universities are granted regulatory autonomy;
- CONSIDERING** Law no. 241 of 7 August 1990 regarding regulations on access to administrative documents and subsequent amendments;
- CONSIDERING** Regulation (EU) 2016/679 – European General Data Protection Regulation for the protection of personal data – and subsequent amendments;
- CONSIDERING** Law no. 210 of 3 July 1998, and in particular article 4;
- CONSIDERING** Law no. 106 of 15 April 2004, and the Presidential Decree regarding the legal deposit of documents of cultural interest intended for public use and the related Presidential Decree no. 252 of 3 May 2006;
- CONSIDERING** Presidential Decree no. 445 establishing the Consolidated Act for laws and regulations on administrative documentation;
- CONSIDERING** Legislative Decree no. 68 of 29 March 2012;
- CONSIDERING** Legislative Decree no. 196 of 30 June 2003 n. 196 regarding the Personal Data Protection Code and subsequent amendments thereto;
- CONSIDERING** Legislative Decree no. 198 of 11 April 2006, the Code for equal opportunities between men and women, pursuant to article 6 of Law no. 246 of 28 November 2005 and subsequent amendments;
- CONSIDERING** Legislative Decree no. 33 of 14 March 2013 regarding the reorganization of the framework for public disclosure, transparency and dissemination of information by public authorities;
- CONSIDERING** Ministerial Decree no. 270 of 22 October 2004 regarding amendments to the Regulation establishing rules on the teaching autonomy of universities, approved by Ministerial Decree 509/1999;
- CONSIDERING** the Ministerial Regulation on “Methods of accreditation of doctorate courses and their locations, and criteria for the institution of doctorate courses by accredited bodies” issued by Decree no. 45 of 8 February 2013, and published in the Official Gazette of the Italian Republic (no. 104 of 6 May 2013);
- CONSIDERING** the Statute of IULM University (Libera Università di Lingue e Comunicazione IULM), published in the Gazzetta Ufficiale no. 59 on 12 March 1998, as amended;
- CONSIDERING** The University’s academic Regulations, issued by Rector’s Decree no. 11738 on 18 September 2001, as amended;

- CONSIDERING** the University Regulations for Research Doctorates, issued by Rectoral Decree no. 16908 on 30 October 2014, and subsequent amendments and additions;
- CONSIDERING** the note of the Ministry of Education, Universities and Research of 11 March 2020, Protocol no. 7757 “Operational guidelines for accreditation procedures for doctorates for the academic year 2020/21 – XXXVI cycle”;
- CONSIDERING** the subsequent note of the Ministry of Education, Universities and Research of 16 March 2020, Protocol no. 8034 “Operational guidelines for Doctorates XXXVI cycle – time extensions”;
- CONSIDERING** the IULM University Code of Ethics issued by Rectoral Decree no. 14661 on 22 April 2008, as amended;
- CONSIDERING** the decisions taken by the Doctoral Board in their meeting on 14 May 2020;
- CONSIDERING** the decisions taken by the Academic Senate in their meetings on 25 May 2020;
- CONSIDERING** the decisions taken by the Board of Governors in their meeting on 27 May 2020;
- CONSIDERING** the approval of the National Agency for the Evaluation of the University and Research Systems (ANVUR) for the accreditation of the research doctorate course in Communication Markets and Society, code DOT1934ZFL, expressed on 11 June 2019;
- CONSIDERING** the approval of the National Agency for the Evaluation of the University and Research Systems (ANVUR) for the accreditation of the research doctorate course in Visual and Media Studies, code DOT1658129, expressed on 11 June 2019;
- HAVING CONSIDERED** the desirability to initiate selection procedures under the conditions of the accreditation and verification of the maintenance of accreditation requirements by the Ministry of University and Research;
- CONSIDERING** the exceptional situation of the health emergency caused by the spread of the Covid-19 epidemic, all members of the Examination Boards for admission to the XXXVI cycle of research doctorate courses located for administrative purposes at IULM University (Libera Università di Lingue e Comunicazione IULM) will be able to meet remotely online for all sessions of the competition

D E C R E E S

Article 1 – Scope of the Call and general regulations

This Call lays down procedures for accessing the following doctorate courses for the academic year 2020/2021, XXXVI cycle:

Communication, Markets and Society

| Type of places | Number |
|--|---------------|
| Study grants funded by the University and also accessing ministerial contributions | 6 |
| Not covered by study grants (solvent) | 2 |

Visual and Media Studies

| Type of places | Number |
|--|---------------|
| Study grants funded by the University and also accessing ministerial contributions | 6 |
| Not covered by study grants (solvent) | 2 |

Pursuant to Ministerial Decree 45/2013, the Doctorate courses may be activated subject to accreditation or verification of the maintenance of accreditation requirements by the Ministry for University and Research. Winners will therefore only be able to enrol following the positive outcome of this verification.

Article 2 – Entry Requirements

Application is open, without limitations on age and citizenship, to all those who possess the educational qualifications required by the current legislation:

- degree taken in accordance with the regulations that were in force prior to the reform in Ministerial Decree no. 509/1999;
- specialised degree taken in accordance with Ministerial Decree no. 509/1999 or a Master’s Degree taken in accordance with Ministerial Decree no. 270/2004;
- second-level academic qualification awarded by an institution in the AFAM category (Institutes of Higher Studies in Art, Music and Dance);
- academic qualification obtained overseas, on condition that it is comparable in duration and level to the Italian qualification so as to allow access to the course, and whose suitability has been checked in advance by the Academic Board for the sole purpose of granting admission to the competition, in compliance with current legislation on the recognition of qualifications for the continuation of studies.

Graduands are permitted to enrol *sub condicione* subject to obtaining their qualification by the deadline of 31 October 2020, otherwise forfeiting admission if the selection process is positive.

Stateless persons are considered equivalent to foreign nationals not belonging to the Member States of the European Union.

All candidates are admitted conditionally to the selection procedure.

The Rector may at any time exclude a candidate for substantiated reasons for failing to satisfy the prescribed requirements. This decision will be communicated to the interested party by a registered letter with return receipt.

Article 3 – Application for Admission

The application for admission, together with qualifications held, and any documents or publications deemed useful for the selection process, **must be presented online, under penalty of exclusion,**

using the dedicated application to be found at: <https://pica.cineca.it/iulm/>

The application requires candidates to be in possession of an e-mail address for self-registration. They must enter all the data required for generating the application and attach the documents in PDF format (not exceeding 25 mb).

No other method for submitting applications or documentation needed for participation is permitted.

Up to the application deadline, the system allows you to save in draft mode. The date of the online submission of the application for participation is certified by the computer system by means of a receipt that will be automatically sent by e-mail.

Once the deadline for submission has expired, the system will no longer allow you to access or send the online form.

Each application will be assigned an identification number which, together with the competition code indicated in the online application, must be specified for any subsequent communication. The procedure for filling in and sending the application online must be completed by **12 noon on 1 September 2020**. Candidates are therefore advised not to wait until the last few days prior to the deadline for applying for admission; the University accepts no responsibility for any malfunctions due to the overloading of networks or application systems.

The procedure for submitting applications must be completed as follows:

- **by digital signature**, using a smart card, USB token or remote signature, allowing the holder to sign generic documents using PC signature software or a web portal for Remote Signatures made available by the Certifier. Those who have a smart card or a USB Digital Signature token will be able to verify its compatibility with the Digital Signature system integrated in the server system. In case of a positive outcome, the holder will be able to sign the application directly on the server;
- **those who do not have compatible digital signature devices and Remote Digital Signature Holders** who have access to a portal for the signing of generic documents, will have to save the PDF file generated by the system on their PC and, without modifying it in any way, digitally sign it in CADES format: a file with the extension .p7m will be generated and will have to be uploaded again to the system. Any modification made to the file before making the Digital Signature will prevent the automatic verification of correspondence between the content of this document and the original and this will result in the exclusion of the application;
- **if it is impossible to use either of the above options**, the candidate must save the PDF file generated by the system on their PC and, without modifying it in any way, print it and add their full signature on the last page of the printout. This complete document must be scanned in PDF format and the resulting file must be uploaded to the system.

In implementation of the rules on self-certification, the University will proceed to verify the truthfulness of the self-certification and declarations in accordance with the Consolidated Act no. 445/2000.

All parts of the application form must be filled in following the instructions for the online procedures, and must compulsorily include:

- *curriculum-vitae et studiorum*, signed at the end and describing the applicant's research career (professional qualifications, scientific qualifications etc.);
- file with the degree thesis;
- the research project related to the aims of the doctorate course which will be the subject of the interview for admission to the course. The research project will have to illustrate: topic,

objectives, research problems, methodology and timing of the research and contain an initial bibliography describing the latest developments in the area of research;

- any publications complete with identifying data (authors, title, journal/book, number of pages, year of publication);
- photocopy of a currently valid identity card;
- photocopy of the payment of €100 relating to the pre-enrolment fee for the competition to be made by bank transfer to:

Libera Università di Lingue e Comunicazione IULM

Via Carlo Bo, 1 - 20143 Milano

Bank Banca popolare di Sondrio

Via Santa Maria Fulcorina n. 1 – 20123 Milano

IBAN IT12M0569601600000022000X14

BIC/SWIFT (for transfers carried out from abroad) POSOIT22

Reason for payment: Surname and name of candidate *Iscrizione al concorso per l'ammissione ai Dottorati di Ricerca XXXVI ciclo*

For international transfers: select *OUR* for bank charges and enter the BIC/SWIFT code.

The pre-enrolment fee will not be refunded in the case of not being admitted to the courses or giving up a place on them.

Candidates may also attach the following to their application:

- any other document deemed suitable to prove professional qualifications, scientific output and aptitude for research;
- any other qualifications and certification that the applicant considers appropriate to present;
- a list signed by the candidate of all the documents and qualifications presented.

The research project discussed during interview is not binding when assigning the actual research topic if admitted to the course.

Pursuant to law no. 104/92 as modified by law no. 17/99, candidates with disabilities may obtain additional time and/or aids to carry out the competition examination. For this purpose the candidate needs to make a specific request in the application.

Under the terms of Article 75 of Presidential Decree no. 445/2000, if the Administration discovers, on the basis of its appropriate checks, the untruthfulness of the content of the declarations made by the candidate, he/she will lose the benefits granted by the measure issued on the basis of an untruthful declaration.

Data will be processed in accordance with Legislative Decree no.196 of 2003 (Personal Data Protection Code), as amended, and Regulation (EU) 2016/679 (General Data Protection Regulation).

Article 4 – Entry examination

The entry examination for the course consists in an oral test aimed at assessing the candidate's background, skills and aptitude regarding scientific research. The test consists in discussing the project presented, illustrating the research activity of interest to the candidate (for this purpose any publications and/or qualifications are taken into consideration with preference given to training courses and studies carried out abroad). The oral test includes checking knowledge of English, and of Italian for overseas candidates.

The oral test will take place online, with appropriate computer support provided by the University and with procedures that ensure the identification of candidates and the full validity of the process.

The outcome of the assessment of the qualifications and publications will be published on the University website together with the schedule of the days and times of the interviews for the admitted candidates, which will constitute an official invitation to attend the interview.

Any **variations** to the schedule– if different from those published on the website as described above – will be communicated to the candidates by registered post with return receipt **seven days** prior to the new date or, in cases of need and urgency, within a shorter period of time by e-mail or PEC (certified e-mail).

The University accepts no responsibility for failure to receive communications if the candidate has provided incorrect information about their place of residence and address, or for the lack of or late notification of a change of address, or for any postal or telegraphic difficulties that cannot be considered the Administration's fault

The remote interview will take place on the TEAMS platform, so the candidate is obliged to provide an e-mail account which the Academic Board will use for the video call.

The candidate must be available at the personal address specified in the application on the day designated for the oral test. For identification purposes and under penalty of exclusion from the competition, they must identify themselves by showing proof of identity before the interview begins.

The candidate may be excluded from the competition if their personal e-mail address has not been provided, if they do not have a connection, if they are not available on the scheduled day or at the scheduled time or if they do not produce a valid identity document.

The University declines all responsibility if the interview cannot be carried out correctly for technical reasons.

For the purposes of identification, and under penalty of exclusion from the selection procedure, each candidate must identify themselves before the interview begins by producing the same identity document already sent as a copy in the attachments to the application.

Article 5 – Academic Board

The Academic Board for the admissions examination is formed and appointed in line with the existing Regulations. It is made up of three members chosen from the full professors and associate professors, at least one of whom is a full professor and at least one is external, belonging to Scientific Disciplinary Sectors relating to the doctorate. The most senior professor will act as Chair, the youngest professor in the role will act as Secretary.

The Board can award a total of 50 points. 20 points will be reserved for evaluating qualifications and publications, with the evaluation being carried out by the Board prior to the oral test. In order to be considered eligible for the subsequent stage, candidates must achieve a score of no less than 14 points.

A total of 30 points will be reserved for the oral test. Eligibility will be granted with a score of no less than 20 points.

The final score will be the sum of the points awarded for the evaluation of qualifications and publications and the score achieved in the oral test.

Article 6 – Ranking

The Examining Board draws up the merit rankings on the basis of the comparative assessment of the candidates who will be admitted to the chosen doctorate course in accordance with the order of said ranking to cover the places available.

The candidates are admitted to the courses in accordance with the ranking order until all available places have been assigned. The study grants will be assigned in accordance with the ranking order. In case of equal performance an assessment of the financial situation determined in accordance with current legislation regarding the right to study shall prevail. In case of equal performance the youngest candidate shall prevail.

The places not covered by study grants are awarded to eligible candidates until all available places have been assigned. In case of equal performance the youngest candidate shall prevail..

In case of selected candidates giving up their right prior to the beginning of the course, they will be replaced by the same number of candidates selected according to the order of the ranking.

On completion of the selection process the Ufficio Affari Istituzionali will communicate the outcome of the competition by registered post with return receipt. The candidates admitted to the course shall be excluded if they do not offer their acceptance within **seven days** of receiving the communication. In this case another candidate shall replace him/her according to the order of the ranking

In case of a doctorate student in possession of a grant giving up the course or being dismissed, he/she shall lose the right to the benefit of the grant for the non-accrued amount, with the obligation to repay the amount already received in the year in question, except for justified and proven reasons. The remaining part of the grant, if it is equal to or greater than eighteen months, may be awarded to the first of the candidates in the ranking order not to have been awarded a grant. In this case the instalments for admission to and attendance on the doctorate course, owed subsequently to the substitution, do not have to be paid by the replacement student

The ranking will be published on the University's website.

Article 7 – Fees for Entry to and Attendance on the Courses

Regarding the places placed in competition which are not covered by study grants the admitted student will be obliged to pay fees for entry to and attendance on the doctorate course for the academic year 2020/2021 of €5,000.00 for each year, divided as follows:

I instalment: (upon enrolment) €2,000.00 including the sum of €100.00.= already paid for the competition pre-enrolment fee;

II instalment: €1,500.00 (by 31 December 2020);

III instalment: €1,500.00 (by 31 March 2021)

not including the regional tax for the right to study, which is currently set at €140. The amount of the tax will be confirmed after its definition by the Regione Lombardia for the academic year 2020/2021.

Article 8 – Study Grants

The study grants are awarded according to the ranking set out in the comparative assessment of Italian and EU candidates, or non-EU but resident in Italy, or holders of a residence card, that is the Permit to Stay [“permesso di soggiorno”] for one of the reasons given in Article 37, paragraph 5, of Law no. 40 of 6 March 1998, with an overall annual income not greater than €80,000.

All income from assets is included in the calculation of income as well as earnings of any other nature.

The amount of the grant is determined under the terms of Article 1, para 1 letter a), of Law no. 315 of 3 August 1998, as amended. In cases of equal performance what shall prevail is the evaluation of the economic situation determined under the terms of the Prime Ministerial Decrees of 30 April 1997 and 9 April 2001, as amended.

The grants, which amount to €15,343.28 gross of social security charges payable by the doctorate students, are paid in monthly instalments in arrears and are for the entire length of the course (three-years). The amount is increased by 50% for any documented consecutive periods of study abroad lasting more than 21 days, for an overall maximum total of 18 months, if these are part of the doctorate project and are in accordance with the Regulations.

If the doctorate student does not receive a positive evaluation for renewal of the grant, or gives it up, the unused amount remains at the University’s disposal. Doctorate students with a study grant are exempt from paying the fees due for admission and attendance on the courses.

The study grant is subject to the payment of INPS (state health insurance scheme) contributions under the terms of Article 2, paragraph 26, of Law no. 335 of 8 August 1995, as amended. Doctorate students shall enjoy the benefits of related health coverage and rights.

The period of holding the grant and therefore the reference point for calculating the income for the academic year 2020/2021 is the calendar year 2019.

Article 9 –Regional Benefits for IULM University

Doctorate students may benefit from the measures made available by the activities of IULM University’s work for the Right to Access to Study (DSU), as set out by the Prime Minister’s Decree of 9 April 2001 (as amended) and by Law no.68 of 29 March 2012. The DSU Office of IULM University establishes the limits and methods for doctorate students’ access to the benefits and defines the list of those who are eligible. To make their application and for any further information candidates may refer to IULM University DSU Office (tel. 02/891412850 – email dirittoallostudio@iulm.it www.iulm.it, Section *Diritto allo Studio*).

Article 10 - Documents

The candidates admitted to the course must submit application for enrolment on the course within the final deadline of **seven days** from the day following receipt of notification of the outcome of the competition, following the procedures described below and enclosing the following documents:

- a) a duly signed photocopy of an identity document;
- b) self-certification of citizenship;
- c) self-certification of the secondary school leaving qualification or, for non-EU citizens, the diploma which allowed their admission to university, duly translated and legally authenticated by relevant Italian overseas representatives according to the legislation in force for the admission of overseas students to degree courses in Italian universities;

- d) self-certification of four-/five-year degree or second cycle degree with related grades;
- e) in case of enrolment to a specialist professional school, or to another university course in Italy or abroad, the written undertaking to suspend attendance;
- f) declaration of not having previously benefited from other doctorate study grants;
- g) self-certification of overall personal income for 2019 in the case that applicants intend to benefit from a study grant as in Article 8 above;
- h) declaration of being/not being employed in Public Administration and, if that is the case, to have requested leave of absence with or without benefits running from the date of the start of the course for its entire length.

The self-certification must be replaced by appropriate certificates in the case of non-EU citizens. The acts and documents drawn up in foreign languages must be translated and legally authenticated by the relevant overseas Italian diplomatic or consular representatives in compliance with the measures in force in the State itself.

The winners of the competition are obliged to pay the stamp duty due on their application to render it valid.

Article 11 – Obligations and rights of doctorate students

Within the scope of the right to study a doctorate student is a university student enrolled on a postgraduate course, and treated in the same way as students enrolled on first and second cycle degree courses. Admission to a doctorate course normally entails compulsory attendance at lessons and teaching activities scheduled by the Doctorate Board, without prejudice to the possibility of specific conditions in relation to enrolments pursuant to article 19, paragraph 3 of the University Regulations for research doctorates.

Enrolment on the research doctorate courses is incompatible with the contemporaneous enrolment in Italy or abroad on first or second cycle degree courses, university Master's courses, other doctorate courses and in postgraduate professional schools, without prejudice to agreements regarding the joint supervision of theses. In this case students enrolled on these courses who, being in possession of the required qualification, intend to enrol on a research doctorate course, are obliged to ask for a temporary suspension of said courses. It is also forbidden to benefit simultaneously from other study grants, excluding those granted by Italian or foreign institutions for integrating foreign stays with training and research activities for doctorate students.

Doctorate students, as an integral part of the course project, may carry out, on condition that they receive authorisation from the Doctorate Board and that it does not result in an increase in the study grant, tutoring activities for undergraduate students on first and second cycle degree courses and also, but for a maximum of forty hours each academic year, the teaching of seminars. These commitments shall in no way compromise the study of research activities. The teaching shall be optional with no costs to be borne by the University and shall not lead to any rights in accessing roles within the University. Doctorate students shall have an obligation to confidentiality regarding the research activities in which they participate.

In the case of grant recipients, enrolment on the course and attendance are, as a rule, incompatible with employment contracts. In any case it shall be the responsibility of the Doctorate Board to provide prior authorisation for doctorate students to carry out any form of work, deliberating each case on an individual basis.

For doctorate students without a study grant the Doctorate Board shall in any case provide prior assessment regarding any incompatibility that may arise from employment activities, and provide a specific ruling.

For both categories of doctorate students any form of work carried out must be relevant to the objectives of the doctorate course and they must demonstrate that it is relevant to the acquisition of skills related to the training objectives of the doctorate course itself. The final decision shall be taken by the Rector.

Starting from the second year, each doctorate student may be funded, within the existing financial resources in the budget, with a budget for research activities in Italy and abroad appropriate to the type of course, and in any case for an amount of not less than 10% of the amount of the scholarship to be paid, following the presentation of suitable proof of the costs incurred.

Public employees admitted to a doctorate course shall benefit, for the normal period of the course, from the period of leave of absence agreed upon as part of collective negotiations or, for employees with contracts governed by Public Law, from extraordinary leave of absence for study reasons, in accordance with the administration's needs and requirements, pursuant to article 2 of Law no. 476 of 13 August 1984, as amended, with or without payment cheques and excepting any specific waiver, only in the case that they have enrolled for the first time on a doctorate course, and regardless of the subject area.

Should a student decide not to continue their studies, they shall communicate their decision to the School Coordinator and Director providing one month's notice.

The start of activities relating to doctorate courses, without prejudice to the provisions of Article 8, paragraph 5 and Article 11 of Ministerial Decree no. 45 of 8 February 2013, is scheduled for November 2020.

Article 12 – Responsibility for procedure and online publicising of the Call for Applications

Dr Giuseppina MASTRO, Head of the Office for Institutional Affairs, shall be in charge of the procedure of comparative assessment for this Call for Applications. This decree shall also be published online on the University website www.dottorati.iulm.it and on the website of the Ministry of Education, Universities and Research.

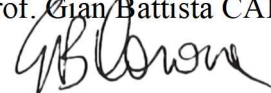

The Call for Applications will also be published in the Gazzetta Ufficiale della Repubblica Italiana, IV Serie Speciale – Concorsi ed Esami.

Art. 13 - Reference to applicable regulations

For all matters not provided for in this Call for Applications, the legal and regulatory provisions regarding research doctorates shall apply.

The teaching and training objectives of the doctorate courses are published on the University website <https://www.iulm.it/it/offerta-formativa/dottorati-di-ricerca>
