ON THE DAY OF THE PRESENTATION:

1. Access Teams at the time you have been summoned (which may be much earlier than when you will actually have to make your presentation).
2. Wait for the call from the Examining Board. To reply press the camera icon.
3. First of all you will have to show the Examining Board a **valid ID document** with your photograph, and your **IULM ID card**.
4. If you have any slides and/or audiovisual content to show, an attendant will take care of the projection. The Examining Board already has the files you attached to your final dissertation and sent to the Students Office: **you do not have to send us any files**.
5. At the end of your presentation the Examining Board will take you out of the virtual room.
6. **Candidates for the Master’s Degree** will be summoned back as soon as the Examining Board has agreed on the degree mark, and they will be awarded the title “Dottore magistrale”.
7. The degree sessions may be video recorded with the explicit consent of the person concerned, which must be given at the beginning of the video

conference after confirmation of having read the relevant privacy policy^[1]. Candidates wishing to receive the recording of their presentation and proclamation may send their request to **lauree.online@iulm.it** from **27th March 2020**. Videos will be delivered starting from **6th April 2020**.

If you have any doubts or if anything is not clear on the day of the presentation, you can speak with the support team directly on the Microsoft Teams app, or by calling 02.891416980.
