To this end, students are expected to participate in the Joint Teaching-Student Committees. For the period from the signing of the contract until **31 December 2025** the call for applications is for a total of **16** contracts, as described in the following table:

The students selected will become members of the **Joint Teaching-Student Committees**, with the assignment being made on the basis of the course of study in which they are enrolled.

The activities covered by this call for applications will be carried out mainly in person and, in agreement with the Chairperson of the Joint Committee, may be carried out remotely. They must have their own PC and an adequate internet connection; connection and telephone costs are not reimbursable.

Further information regarding the activities and characteristics of the duties are specified in **Annex A** of this call.

At least 5 hours of initial training on the topics of Quality and Evaluation will be provided by the *Presidio della Qualità* (the unit responsible for the internal QA system), which the selected students **are obliged to attend**. The training hours are included in the duration of the contract. Details of the main duties to be carried out will be provided during the training course, also in agreement with the student representatives.

Art. 2 – Application procedures

Applications may be submitted by students who are regularly enrolled in Bachelor's and Master's degree courses at IULM University, by filling out the form available on the University website at www.iulm.it (in the section "Vivere in IULM – Collaborare con l'Università") and submitting **on 10 May 2024** together with the relevant documentation **in PDF format** to: presidio.qualita@iulm.it.

The following documents must be attached to the application:

- curriculum vitae;
- photocopy of a valid ID document.

Art. 3 – Selection procedure

Selection will be made on the basis of rankings determined by the scoring method described in **Annex B**. The interviews, which candidates are obliged to attend (failure to attend will result in Documento informatico sottoscritto con firma digitale ai sensi del D.Lgs. n. 82/2005 e ss.mm.ii.

exclusion from the rankings), will be held in **May 2024** by the Chairperson of the Joint Committee (or their delegate).

The interviews will be held online on the TEAMS platform. The dates and times of the interviews will be communicated to candidates through their IULM institutional account (@studenti.iulm.it).

This call for applications constitutes an invitation for admission to the selection interview, after verification of the requirements by the University Offices.

Applicants must be available at the institutional IULM e-mail account (@studenti.iulm.it) specified in the application, on the day and time set for the interview. For the purpose of identification and under penalty of exclusion, each candidate must, before the interview begins, identify him/herself by showing the same identity document already submitted as an attachment to the application.

The candidate may be excluded if he/she has not indicated the institutional e-mail address, if he/she is not connected, if he/she is unavailable on the day or at the time established, or if he/she does not show a valid identity document.

IULM University declines all responsibility in the event that technical reasons prevent regular procedures from being followed when carrying out the interview.

In the event of the renunciation or the exclusion of a candidate, the contract may be awarded to the first eligible candidate in the rankings (for the remaining hours).

At the end of the interviews, a final merit ranking list will be drawn up comprising the basic score and the score obtained at the interview.

Art. 4 – Execution of duties

Duties will be carried out **from the signing of the deed of commitment to 31 December 2025** and will cover both lesson periods and examination periods.

Students must guarantee availability regarding times in accordance with the instructions received from the Chairperson of the Joint Teaching-Student Committee, also in relation to the specific requirements of the individual degree courses.

The students selected will participate in the QA process for the courses of study and will be called upon to carry out data analyses and support activities for the preparation of documents. In addition, the students will be required to gather observations and suggestions from students following the related course of study, also through at least two annual meetings organized for sharing and exchanging ideas and/or discussions with students appointed as 'classroom spokespersons'.

Art. 5 – Forfeiture

In the case of termination of student status (for example, in the event of **failure to complete enrolment, failure to renew enrolment for the following year, withdrawal from university studies, transfer to another university or attainment of the degree**), the contract will be terminated by the Joint Committees with the consequent obligation to notify the Chairperson of the Joint Teaching-Student Committee and the *Presidio della Qualità*.

Likewise, students are required to renounce the contract in the event of prolonged absences (e.g. **periods of study abroad or internships**) that do not allow them to carry out the assigned

Documento informatico sottoscritto con firma digitale ai sensi del D.Lgs. n. 82/2005 e ss.mm.ii.

activities in a regular manner.

In the case where students obtain their 1st level degree during the mandate - only for those who graduate in the July and November sessions - and then enrol, without interrupting their studies, in one of IULM University's Master's degree courses in the academic year following the one in which they obtained their 1st level degree, after hearing the Chairperson of the Joint Committee (or their delegate) for the Joint Teaching-Student Committees, the contracts may be extended until the end of the calendar year to which they refer.

In the event of failure to perform the duties required, as verified by the *Presidio della Qualità* or the Joint Committees, the students may be relieved of their duties.

Art. 6 – Method of payment

The amount to be paid to students is set at **€ 360.00 net per year** for a fixed total of 40 hours.

Activation of the IULM card is required for the payment of the remuneration.

If the service is suspended and no subsequent period of service is authorised, no remuneration is due in relation to the period of collaboration not carried out.

If the collaboration starts during the year or ends prematurely, the remuneration shall be equal to the months of service actually served.

The payment will be made by the University Administration on receiving certification of the activity carried out, countersigned by the Chairperson of the Joint Teaching-Student Committee using the forms provided by the University.

Pursuant to art. 11, paragraph III, of Legislative Decree no. 68 of 29 March 2012, the service requested from the student shall be tax-exempt and does not in any way constitute a permanent employment contract.

The University, if necessary and at its own expense, will provide for insurance against accidents for the students who have been assigned the contracts. The position does not give rise to any obligation for health or pension insurance. The work will not lead to receiving any evaluation for the purposes of participation in public competitive examinations.

Art. 7 – Incompatibility

The awarding of the contracts referred to in this call is without prejudice to the awarding of other benefits by the Right to Study Office.

The contracts referred to in this call are incompatible with participation in the activities of the *Presidio della Qualità*, the Independent Evaluation Unit, the Academic Senate and the Board of Governors.

The remuneration deriving from the contracts referred to in this call can be combined with the benefits referred to in art. 12, paragraph III of the Prime Ministerial Decree of 9 April 2001 (University scholarships and scholarships to promote special projects for international mobility for study or training purposes, also regarding preparation of the Master's degree thesis) announced by IULM University.
